7. Please rate the Overall Progress using the following definitions:

- Progress is completely on track, we are meeting 100% of our milestones, we are on time on all tasks
- Progress is mostly on track, we are meeting 80-99% of our milestones, we are generally on time
- Progress is on track in some respects but not others, 65-80 % of our milestones are being met, but there is a viable plan for achieving the others, we are staying close to schedule with some slippage We are meeting 30 - 65% of our milestones.
- Progress in meeting many milestones is stalled, there is a plan for achieving some milestones, but not others, schedule has slipped substantially for many milestones
- Progress across the project is stalled and plans for recovering are unclear, more than 70% of our milestones have or will substantially miss targeted completion date

8. Please list any major problems or barriers in achieving your milestones.
